PARLIAMENT MEETS FIRST WEEK IN DECEMBER

New Liberal Cabinet Officially Announced

(By Canadian Press)
OTTAWA.—Composition of the King cabinet is officially announced as follows:
Finance—Hon. J. A. Robb.
Justice—Hon. Ernest Lapointe.
Hallways—Hon. C. A. Dunning.
Interior—Hon. Chas. Stewart.
Public works—Hon. J. C. Elliott.
Agriculture—Hon. W. B. Matthews.
Trade and commerce—Hon. James Macdonald.
Customs and excise—Hon. W. D. Elster.
Health and D.S.C.R.—Hon. Dr. J. H. King.
Immigration—Hon. Robt. Forke.
Postmaster-general—Hon. P. J. Venon.
Marine and fisheries—Hon. P. J. A. Cardin.
Solicitor-general—Hon. Lucien Cauchon.
Secretary of state—Fernand Rivest.
Labor—Hon. Peter Heenan.
Without Portfolio
Senator Dandurand.

The portfolio of national defence, which was not filled today, will probably be assigned next week. Premier King intimated this afternoon that he hoped to have something definite regarding this cabinet post within the first few days of the week. It is stated on the highest authority that Mr. King still hopes to secure J. L. Halston, K.C., Halifax, for his minister of national defence. Announcing his cabinet the premier pointed out that no appointment had been made from Prince Edward Island. "Prince Edward Island has not been overlooked," he said. "I hope within a few days, by means of a reorganization of certain government departments, to have that province represented in the government." Parliament will probably meet the first week in December. When it does meet, legislation will be introduced to provide another portfolio in the government, making possible a minister from Prince Edward Island, for whom a portfolio will be provided, as it was thought advisable that Prince Edward Island should be represented by an active member. This was announced Saturday night by Premier Mackenzie King. The premier said that he had been informed by Colonel Bigger, chief electoral officer, that writs could not be issued for ministerial by-elections until the returns were in from the general election. These would hardly be in before October 10, and therefore it was unlikely that the ministers would be able to take their seats in the house of commons before the end of November or early in December. The prime minister intends to appoint J. L. Halston, of Nova Scotia,

minister of national defence. He spoke highly of the qualifications of Col. Halston for a post which concerned the military men of Canada. As soon as a seat could be found for Col. Halston he would be invited to join the cabinet and Mr. King confidently expected that he would be able to find such a seat.

CHEADLE MAN WINS LAW SUIT AT CALGARY
CALGARY, Alta.—The trial of the action brought by John Ross, Cheshire, against Arthur P. Clark, of Minneapolis, was concluded before Mr. Justice Boyle in the trial division of the court on Tuesday. Clark had leased to Ross a farm at Cheshire. The lease provided among other things that if the land were sold during its term, Ross should pay 100 acres, and that when he left the land he would leave as much as was there when he entered into possession. The lease was cancelled by Clark before its termination owing to a sale having been made. There was no dispute as to Clark's liability to pay for the summerfall, but the price charged by Ross for the work done could not be agreed upon. Ross thereupon commenced action to recover reasonable compensation for the summerfall, and Clark counterclaimed for damages owing to Ross's failure to fall plow.

His lordship said that Mr. Ross's claim should be allowed, with costs at \$485.00, representing payment for the summerfall, and that Mr. Clark's counterclaim for damages should be dismissed. The case was heard by Mr. Justice Boyle in the trial division of the court on Tuesday. Clark had leased to Ross a farm at Cheshire. The lease provided among other things that if the land were sold during its term, Ross should pay 100 acres, and that when he left the land he would leave as much as was there when he entered into possession. The lease was cancelled by Clark before its termination owing to a sale having been made. There was no dispute as to Clark's liability to pay for the summerfall, but the price charged by Ross for the work done could not be agreed upon. Ross thereupon commenced action to recover reasonable compensation for the summerfall, and Clark counterclaimed for damages owing to Ross's failure to fall plow.

ROBERT FORKE WILL JOIN KING GOVERNMENT
WINNIPEG, Sept. 23.—Robert Forke, leader of the Progressive party in the house of commons during the early part of the last session in parliament, and Liberal-Progressive member-elect for Brandon, will accept the portfolio of minister of immigration in the new Mackenzie King government, in the process of formation at Ottawa. This announcement was made last night following a meeting of Manitoba Liberal-Progressives, attended by Mr. Forke.

Supporters of Mr. Forke came to Winnipeg from Ottawa expressly to meet the Manitoba Liberal-Progressives and place in their hands the decision as to whether he would accept office in the Liberal government which will, it is expected, take office at Ottawa this week. He will leave for Ottawa this morning.

TORY RALLY ON OCTOBER 11
Senators, Members and Defeated Candidates Called

OTTAWA.—A meeting of Conservative members-elect of Parliament and defeated Conservative candidates has been called for Ottawa, October 11. An official notice has been issued from Conservative headquarters in Ottawa to Conservative senators, Conservative members-elect of the House of Commons and unsuccessful Conservative candidates in the recent elections, of a gathering to be held at the Parliament buildings on that date.

The object of the meeting is "to consider the course to be pursued by the Conservative party in the forthcoming session."

Control Markets By Co-Operation

SYDNEY, Australia.—Canada, Australia and the Argentine, the world's three principal wheat producing countries, should control the world's market of wheat, declared Henry W. Wood, President of the Alberta Co-operative Wheat Pool, and Canadian delegate at recent world wheat congress, during the course of an address at a banquet tendered him by co-operative wheat interests here.

The three countries, said Mr. Wood, produce approximately 600,000,000 bushels of the world's total exportable wheat surplus, which was about 700,000,000.

"If they get out to get control of the markets of the world, by a combination of organized systematic co-operation, there will be none that will stay any," declared Mr. Wood.

C.P.R. PRIZE FOR WHEAT

WINNIPEG, Man.—Following the practice of recent years the Canadian Pacific Railway Company is again awarding a prize of one hundred dollars (\$100.00) to the Canadian scoring the highest number of points in wheat show to be held in Chicago the first week in December.

In part years, with but one of two exceptions, the winner of this prize has also proved to be the winner of the world's championship in wheat.

WINNIPEG, Man.—The wheat crop generally, notwithstanding excessive rainfall, is in fair condition, but in many districts, principally in Manitoba and Alberta the grain has sprouted badly. It is impossible to estimate with any degree of certainty what the damage from sprouting will amount to until the grain has dried out sufficiently to be threshed. It may turn out better than seems possible, at the present time, it is expected that much of the grain will grade tough, due to the rains, and this will mean considerably reduced financial returns to the farmers. Light frosts were reported from many sections of the prairie, but it was dangerous to the grain crop, except where intended for green feed.

Co-Operative Marketing Agricultural Products

Co-operative marketing of agricultural products in Canada is now more advanced than in any other country in the world. It is estimated that approximately 430,000 farmers out of a total of 760,000 in this country are now selling their products in some measure co-operatively. The total volume of products sold in this way in 1925 would amount to have been worth \$200,000,000, which means that between 10 and 60 per cent. of their entire production in a co-operative manner. While these figures are only approximate, they tend to show, with some degree of accuracy, the magnitude and the responsiveness which this movement has met with among Canadian farmers.

Almost every product of the farm is marketed co-operatively in Canada in some portion of the Dominion. Apples and other fruits are so disposed of in Nova Scotia, Ontario and British Columbia, milk for human consumption and butter and cheese manufactured in almost every one of the nine provinces; commercial livestock for marketing; live provisions, some of which in every province, have in Alberta, Ontario and Quebec; potatoes in

Fire Brigade Had Good Turnout

On Tuesday night Chief McFarland had the members of the Fire Brigade on duty at the Fire Hall.

There was a good turnout, and every member most interested in the work.

A very complete inventory of all the equipment was taken, a careful inspection given, and everything put in first-class shape.

Chief McFarland is very much pleased with the whole-hearted support that the members are giving to him, and is fully confident that a real live brigade is in progress of formation.

A meeting of the members of the Fire Brigade will be held next Tuesday night, October 5th, at 8 o'clock, for the purpose of organization. All members, including the honorary officers, are requested to be present.

KILL THE UMPIRE BECOMES A FACT

NEW YORK, Sept. 27.—"Kill the umpire," has often been shouted in a baseball game, and now it has been done.

Displaced by a decision in a semi-pro game in Long Island City, a fan felled Patrick McTavay, with a blow to the jaw. The umpire's head struck on hard ground and he died of a fractured skull.

ROSEBUD

Mr. and Mrs. John Campbell were called to Rosebud last week because of the illness of their daughter-in-law, Mrs. Fred Campbell. Mrs. Fred had a very serious attack of pneumonia poisoning caused by eating re-frozen ice cream. We are glad to report the victim as having fully recovered.

Mrs. W. J. Dixon and children have returned to Calgary.

Mr. Thorn, our postmaster, went to Calgary Sunday, to bring his son, Frankie home from the Holy Cross Hospital, where he has been for some time.

Mr. and Mrs. R. W. Brunner entertained Mr. and Mrs. Stutz, Mr. and Mrs. Archer, Angus McLaughlin, S. W. and C. H. Comstock Thursday evening to hear the returns of the Denuey-Turney fight over the radio.

Mrs. Emma Gross has rented the Victoria cottage recently vacated by the Kelley family.

Illy Day was celebrated at our Sunday School Sunday. A pleasing programme was nicely rendered.

ONTARIO YOUTH ELECTED TO HOUSE OF COMMONS

OTTAWA.—The remarkable feat of the entire federal election goes to the credit of Louis Anger, of Hawkesbury, Ont., a 25-year old professor of Otago University, and a member of the Twentieth Century Society, an Ottawa Liberal organization for young men, says an article in the Ottawa Journal.

Elected to the House of Commons for Prescott in the sixteenth parliament of Canada, Anger will be the youngest member ever to sit in the House. His victory over the other two Liberal candidates, R. LaRue and Gustave Evenden, former member here, and over Dr. H. R. Kirby, Conservative candidate, is an achievement in itself.

Rt. Hon. Meighens Retirement Final

(By Canadian Press)

OTTAWA, Sept. 25.—In a front page feature under the heading, "The Leadership," the Ottawa Journal today, after announcing the resignation of Rt. Hon. Arthur Meighens from the leadership of the Conservative party, which will be submitted to the conference of party leaders here on October 11, says:

"What action the conference which meets on October 11 will take upon Mr. Meighens's resignation, it is impossible to say. The probability is that strong pressure will be brought to bear upon him to remain as leader, but Mr. Meighens's decision, it is thought by those very close to him, is final."

SOUTH AMERICANS CAN USE ALBERTA PRODUCTS

Alberta has a splendid opportunity for the disposal of her butter, cheese, wheat and flour in the Latin-American countries of South America, according to Major E. L. McCall, Dominion government trade commissioner for the Argentine and neighboring countries. Major McCall, who has spent five and a half years in South America studying trade conditions, has been recalled that he might travel over Canada explaining to the people what are the demands and possibilities of trade between the Dominion and South America. He started at Halifax and has worked his way west, spending some time in Calgary and leaving last week for British Columbia. When seen by The Alberian, Major McCall said:

"The tropical countries do not produce northern foods, and although Argentina and the neighboring nations are agricultural countries, they want Canadian cheese. Our butter, also, is the best that they have ever tasted in tropical countries. It is shipped there in hermetically sealed tin boxes. There is a market in American equatorial countries for all Canadian agricultural products, including vegetables and fruits. These, however, must be shipped mostly in tinned containers. From British Columbia, Major McCall said, they can take fish, lumber and building material. From Ontario they are now taking all kinds of machinery, carpenter tools, garden tools and the like."

Canadian industries, in competition with the United States, are able to send to South America no less than \$250,000 per month worth of merchandise.

The summerfall, and that the defendant's counter-claim should be dismissed with costs, for the reason, among others, that there having been no land plowed when Ross went into possession, the lease did not contemplate that any land should be left plowed when the lease was terminated.

His victory over the other two Liberal candidates, R. LaRue and Gustave Evenden, former member here, and over Dr. H. R. Kirby, Conservative candidate, is an achievement in itself.

HOUSE OF COMMONS

OTTAWA.—The remarkable feat of the entire federal election goes to the credit of Louis Anger, of Hawkesbury, Ont., a 25-year old professor of Otago University, and a member of the Twentieth Century Society, an Ottawa Liberal organization for young men, says an article in the Ottawa Journal.

Elected to the House of Commons for Prescott in the sixteenth parliament of Canada, Anger will be the youngest member ever to sit in the House. His victory over the other two Liberal candidates, R. LaRue and Gustave Evenden, former member here, and over Dr. H. R. Kirby, Conservative candidate, is an achievement in itself.

October 11, says:

"What action the conference which meets on October 11 will take upon Mr. Meighens's resignation, it is impossible to say. The probability is that strong pressure will be brought to bear upon him to remain as leader, but Mr. Meighens's decision, it is thought by those very close to him, is final."

"In that event, in the event of its being found impossible to have him withdraw his resignation, it is considered probable that the conference will select a new leader, with the understanding, however, that final choice in the matter be left to a national Conservative convention to be held in the capital as soon as it can be properly organized."

"Of Mr. Meighens's plan for the immediate future, he has made nothing definite known. It is no secret that during the past four or five years he has been the recipient of a number of flattering offers of posts that would have brought him infinitely greater financial reward than public life, and it is believed likely that the next month or two will see him established in some important capacity in one of the larger cities of the Dominion. Before actively taking up his duties, however, he will probably go for a much earned rest."

ROSEBUD

Mr. and Mrs. John Campbell were called to Rosebud last week because of the illness of their daughter-in-law, Mrs. Fred Campbell. Mrs. Fred had a very serious attack of pneumonia poisoning caused by eating re-frozen ice cream. We are glad to report the victim as having fully recovered.

Mrs. W. J. Dixon and children have returned to Calgary.

Mr. Thorn, our postmaster, went to Calgary Sunday, to bring his son, Frankie home from the Holy Cross Hospital, where he has been for some time.

Mr. and Mrs. R. W. Brunner entertained Mr. and Mrs. Stutz, Mr. and Mrs. Archer, Angus McLaughlin, S. W. and C. H. Comstock Thursday evening to hear the returns of the Denuey-Turney fight over the radio.

Mrs. Emma Gross has rented the Victoria cottage recently vacated by the Kelley family.

Illy Day was celebrated at our Sunday School Sunday. A pleasing programme was nicely rendered.

KEOMA MUNICIPAL DISTRICT COUNCIL MEETING

A meeting of the Council of M. D. Keoma was held on September 26th, 1926, the following members being present: councilors Jesse Danks, Walker, Rummel, Bates and Thurston.

On motion, the minutes of the previous meeting were adopted as read.

Correspondence was read from the Alberta Electric Elevator Co. relative to a grant of \$75.00 towards the construction of a road into the townsite of Lytla. On motion, the secretary was instructed to write further advising the Elevator Co. that unless they can make this grant at an early date the Council will be unable to do the work this year, as they are taking the crew off the roads.

Correspondence was read from the N.E. stating that they are not willing to make any grant towards the construction of a roadway into Lytla, but at the event that they have some funds available, will arrange to get some at a later date.

Correspondence was read from the Irrigation Council relative to the location of cutters in the C.P.R. irrigation ditch in Division No. 1. Mr. Walker reported that he had written further in this matter, and a certificate copy had not been received. On motion, the secretary was instructed, pending the receipt of favorable advice in this connection, to notify the C.P.R. to immediately install these cutters.

On motion, Councilor Walker was delegated a committee to contract for the erection of half a mile of fence on the property of Mr. S. Griffiths around a diversion in Section 6-24.

On motion, the secretary was instructed to write to the Department of Agriculture and obtain brand books subsequent to the year 1920 for Poundkeepers Green and sheepskin. Councilor Thurston was appointed to furnish Poundkeeper Books with a set of the old brand books from the pound in his division.

Correspondence was read from Englester Graham in respect to our road grants. On motion, it was agreed that as soon as the market highway in each Councilor's division is completed he shall immediately notify the secretary, so that we may apply for our Government Grant funds.

On motion, the secretary was instructed to offer the C.P.R. the sum of \$10.00 per acre for the amount of land necessary for a roadway 23 ft. wide running through the S.W. ¼ of 10-26 to give access to our Municipal Park.

On motion, it was agreed to pay Mr. Walker the sum of \$10.00 in compensation of the acreage in the S.W. ¼ of 8-24, necessary for the road

diversion, the survey plan showing 55 acres required for a roadway. On motion, the secretary was instructed to adjust this acreage on the Tax Roll.

Correspondence was read from Mr. H. Greenfield and from the Soldier Settlement Board requesting information relative to an irrigation project into the Province of Alberta. On motion, the Secretary was instructed to reply to this as far as our district is concerned.

Correspondence was read from Mr. A. Newman on behalf of the C.P.R. requesting compensation for several road diversions. On motion, each Councilor was delegated to report at the next meeting on his particular diversion, and the Secretary to advise the C.P.R. to this effect. There were two diversions described, which appeared to be in the M. D. of Bow Valley. The secretary was instructed to notify Mr. Scratch in regard to the diversion in his division, viz. the N.E. ¼ of 28-26.

The secretary submitted a Financial Statement, showing the cost of operation of the new road-grading crew and machinery, on a basis of fifty miles of completed work. On motion, it was agreed to make arrangements to store the tractor for winter, and to cease operations for 1926.

An account authorized by the Weed Inspector, Mr. Day, for the eradication of weeds, was submitted in the amount of \$52.00 to Messrs. E. E. Stevens and D. Mellick. On motion it was agreed to charge the same as follows: E. E. of the S.E. ¼ of 25-25, \$30; N.E. of 25-25, \$20. There was an amount of \$50.00 incurred on Section 27-25. It was agreed that this should not be charged to the township, but to improper notice by the weed inspector.

Mr. W. Gorman, of Dunsin, Alta., was present and arranged for the redemption of an annual sold in Pound on August 10th to Mr. M. Galloway, the redemption fees being fixed at \$17.00, which he paid. The secretary issued a redemption certificate for the recovery of the animal.

The secretary presented a matter on behalf of Mr. D. Howell, Irricana, for the exemption of assessment to 525 acres of land, valued at \$5,500.00, from the assessment of P. W. F. Hurn. Substantiation of this was made by a surveyor's report by Mr. Frank Young, who surveyed the land in question in August, 1926. On motion, the Council refused this appeal.

The matter of a road diversion in the E. ¼ of 17-27 was discussed, no action being taken in the matter, it being left for the report of Mr. Scratch, who is Councilor of this division, in the next Council meeting.

FRANK J. EWING.

The World Series

Next Saturday another world's series will open in New York, where the opening games will be played between the St. Louis Cardinals and the New York Americans.

Cape May, the American national game is being staged in a climax that has been building since the season opened in April.

There were but few prophets who saw in either team in the Spring any possible chance of either of them capturing the bunting.

It was Hurley's first year managing the Cardinals, a very ordinary team under other managers, while the bunch of youngsters that Miller Huggins had gathered in the folds of the New York Americans were not thought to have a chance to get in the first division.

That there are two new teams and not from the same city, is adding to the general interest, not only in the American cities, but throughout the Dominion of Canada as well, and will follow the final struggle with a very keen interest.

The game of baseball which illustrates the active American nature, is well worthy of its great popularity.

If the crop conditions and weather had been more favorable, Manager Hill might have sent "Bill" Saunders down to pick up a few pointers for next season's work.

The world's series is always very popular because it is far more democratic than the game of politics.

The man driving a truck will stop and argue with his Lordship, the High Court Judge, plainly informing him that his favorite's have not a single chance in the world, and that if they had been playing in the other league they would have been killed. But, it is a great game, and everyone is happy who gets interested in the world's series, during which all their other troubles and worries vanish.

GOLF

The winner of the prize for the best score in the qualifying round for the Cup and Medal, was Mrs. McFarland in the first flight with a score of 65, and also scored in the Second flight with 60.

The following is the draw for the First Round for the Cup and Medal, and should be played by Monday night, October 1th (weather permitted). Cards will be left in Rellinger's store.

Cup, 18 Holes, Hole Play
Mrs. Patrick vs. Miss Watson.
Miss Brown vs. Mrs. McFarland.
Miss Gibson vs. Mrs. Whiteside.
Mrs. Van Tighem vs. Mrs. Ridley.
Meal, 9 Holes, Hole Play
Mrs. Lydall vs. Mrs. Thornton.
Mrs. Wright vs. Mrs. Pierson.
Mrs. Chamberlain vs. Mrs. Mutch.
Mrs. Hirtle vs. Miss Barton.

NOT A BRILLIANT PROSPECT
Rabbi, the caddy, watched the latest convert to golf with a keen contempt. As a matter of fact, the type was succeeding very well for a "first time round", yet the lips of Rabbi curled.

"Rabbi," whispered the pro, "what's up?"

"Hi!" indicated Rabbi. "He'll

Secretary-Treasurer

PINK GOLF SHIRTS

VERY POPULAR
LETOUQUET, France: The Prince of Wales launched a new fashion when he started here during part of his summer vacation. The prince was seen one day to leave the golf hotel wearing a pink shirt, which had the sleeves cut off at the elbows. The prince played a round of golf in this cool garb, and the news spread like wild fire. The next day the shops in Paris Plage were raided for pink shirts, which appeared on the golf links with the sleeves cut short, but the supply of pink shirts was not equal to the demand, and the next day telephonic and telegraphic messages were sent to London ordering pink shirts by the hundred weight, to be sent to Touquet by airplane. They have since been in all the rage, and the idea has been taken up even by the women players.

SCHOOL COLUMN

There are still some schools who have not yet paid their entry fee to the School Fair Association. Frise

Frise cannot be paid until these fees are in the hands of the secretary.

The fact that this year people were able to view the exhibits in the school at a reasonable hour is largely due to those citizens who so kindly acted as judges.

We wish therefore to thank Mrs. Bell and Mrs. Whiteside, Mr. Vickers and Dr. Hirtle, for the time the judges arrived from the School of Agriculture the work was nearly completed.

A complete list will be published in next week's 'Standard'.

The attendance at the school is approaching the two hundred mark.

Last week Mr. Kirtley, of Calgary, took pictures of the whole school, and also of the High School. For each large group these pictures are exceptionally good. The pictures of the whole school may be had for \$1.50, and that of the High School for \$1.00.

CHURCH BULLETIN

Sunday, October 3rd, 1926

October is the month whose slogan is, "Everyone at Church". If you are not attending another church, the United Church invites you. And two very important themes will be considered on the first two Sundays: "The Theory of Worship", and "What is the Use of Prayer?" The third Sunday will bring us a Picture from "The United Church at Work in Central India." The fourth Sunday will be our Church Anniversary. This theme is our monthly theme. Let us all lift.

Next Sunday, services at Nanaka at 11, Chesham at 2.30, where the Young People's Rally will be held; Strathmore at 7.30, Strathmore Church School at 11.

ARTHUR H. ROWE, Minister

ROMAN CATHOLIC CHURCH

1st Sunday of month, Mass at Carleton 9 a.m., Strathmore 11 a.m.
2nd Sunday of month, Mass at Carleton 9 a.m., Strathmore at 11 a.m.

Holy Eucharist, 8 a.m.
Matins and Eucharist, 11 a.m.
Sunday School, 12 noon.
Evening, 7.30 p.m.

J. T. SMITH, L.T.H., Vicar

LOCAL NOTINGS

Friends of John Mackenzie have been receiving letters from him from Rosneath, Scotland, in which he states that he has again settled down to work, having taken up the daily grind on September 1st. Already he has begun making innovations in the plan of the Rosneath Express by installing a new Linotype, so in the meantime the Farmer's Government will have to juggle its own costs, and it is your opinion that your favorite team will surely win. He sure will tell quickly and decidedly that your case is pathetic.

Frederick Anderson made a flying trip to Calgary on Tuesday, he caught the P.N.K. train at Ardena in the morning and returned on No. 4 C.P.R. in the afternoon. No one has yet discovered the cause for the high speed but whatever or whoever it was, it seemed quite pleased with himself on Sunday night.

"Bill" Tierney has been getting steadily the last few days that his acquaintances are looking for an opportunity to put him in his proper place. First he placed Tierney as a winner, then the Dempsey scrap, and then followed up with the prediction that as soon as Mackenzie-King would be called upon to form a government that the weather would again become bright and harvesting and threshing would immediately be resumed. Fred Anderson remarks that the funny part of it is that Tierney actually believes what he is saying.

The C.P.R. Supply Farm, Strathmore, purchased two Holstein milk calves from the Colony Farm, Season date, E. C. Both are by Colona McKinley, the famous bull at the head of the Escondido herd, and are from dams with records of more than 20,000 lbs. of milk and 1,000 lbs. of butter per year.

Oliver Wright has leased the Zerkle coal sheds, and will enter the coal arena. Oliver states that he has in the past delivered a lot of coal, and thinks he may just as well be one of the coal haulers.

Friday and Saturday the weather cleared beautifully, and everyone was prancing around with "the smile that won't come off," telling that real Sun 'n' Alberta weather had again returned.

Jim Swanson, cashier at the Hub Pool Room, is a pretty good official, but Kelly says that as a cattle man Jim is a lemon. Swanson and "Patty" Gray spent four hours endeavoring to persuade a quiet mule and calf to visit the town of Strathmore on Sunday. The last one of the mule, they were heading away from in the vicinity of the W. G. Knyvet farm.

Last Sunday, quite a number of the golf players were out at the golf grounds, and among the number were Fred J. Dunn, who succeeded in putting over a score of 70, which has never before been equaled by a local player. Carson McWilliams, of Calgary, made it in 75. Fred J. says he has made it in 75 once, but never

more. He had witnesses, hence could not make a claim at it. He is quite certain that when he secures his pack, the friends of Walter's latest story, he will be able to reach or better McWilliams score.

Manager Hume is making a further innovation in providing amusement for the people by arranging in addition to the Friday and Saturday night pictures, to open the theatre on Tuesday night as well. He has succeeded in booking some fine films specially for the Tuesday night performance. He will begin next Tuesday night by presenting Bebe Daniels in "The Palm Beach Girl." The Tuesday night entertainment will be provided at regular prices.

The Tennis Club members are keeping busy completing their plans to make the Tennis Club Masquerade Dance in the Memorial Hall on Friday, October 29, a real success. A number of very elegant costumes have already been received.

Last Thursday Harry Thorburn, of the Strathmore Hotel was the lucky boy in the local pool that was formed. "Bill" Thorburn, his brother, the famous Elk from Calgary, insists that only for his suggestion Harry would never have won a nickel.

Among the weekend visitors to Calgary, was Fred Lundie, of the Royal Bank Staff. His friends are getting suspicious of his many visits to the commercial metropolis, and cannot figure out whether it is bank business or that he has contracted the same disease that has been affecting Ted White all season.

Frank Miller got on the soft side of some coal company, and investigated them into sending him three car loads of coal. Of course the arm chair guests do not care whether he ever pays for it or not, but they now feel satisfied that when the long winter evenings arrive that they will be quite comfortable while they sit around and settle all the public questions.

The Tennis Club has secured a new set of chairs for the big masquerade dance on Friday, October 29, and have also made arrangements with the Women's Institute to serve the supper.

The Women's Institute of the Glendene Constituency, will hold a convention at Chumy on Monday, October 29.

M. S. Hirth and crew have been busy in connection with the work of the new Municipal Hall at Rockyford.

The Dempsey scrap brought out a lot of enthusiasts and they got the returns provided through the courtesy of Arnold Motors and the Hub Pool Room. In connection with C.F.N. W. W. Grant, Ltd., Calgary, W. W. Grant, "the voice of the press" as usual, gave an excellent service.

Percy Wright, with a four horse outfit, has been busy grading the streets, an operation that was much needed.

A number of horses that had been impounded were sold last Saturday at P. Wright's pound.

Jim Swanson was one of the purchasers of a horse at the pound sale

New Telephone Rates are Necessary

BECAUSE

The old rates failed to provide any reasonable provision for depreciation or storm damage on an investment by the people of the Province of \$22,564,148.57.

The old rates barely paid for operating expenses and interest charged on the capital debt.

The interest charges of over a million and a quarter annually are fixed and must be paid.

Operating expenses have been cut by \$10.08 per station in the last few years and can be cut no further without seriously impairing the service.

The added revenue will secure adequate protection of the investment and put the telephone utility on a sound financial basis.

The individual subscriber's share of the increase is small and he receives dollar for dollar of his rental in good telephone service.

With adequate and fair rates, Alberta's Telephone System is second to none in America. As a subscriber you appreciate this.

Alberta Government Telephones

Last Saturday, and if the animal is not reclaimed by the owner within the stipulated period, he expects to have him trained during the coming Winter and Spring, and he may capture the Alberta Derby next May. "Jim" maintains that it has all the earmarks of outstanding speed, a few days.

Strathmore electric light are a big boost for the residents of the town. A rest room would be a boon to the patrons from the country, and is one necessity we hear little about.

General Manager Brown, of the United Electric and Engineering Co., Ltd., slipped quietly into town on Tuesday, giving the Strathmore residents a look over, and at the same time finding out just how hard "Jack" Allen was working. The old boy, however, was not caught napping, "buying" as arranged his plans this when Brown arrived he (Allen) was busy at Gleichen—at least he was busy. Anyway "Bob" Brown thinks he was busy, and that is just as good as pay day. The plumbers haven't got anything on those crafty electricians.

Harvesters are scarce, so Leonard Millson appeared to Dr. Giffen for an allowance, and was rewarded with a son and heir on Saturday last as Leonard feels that the labor question is partially settled at last.

Barber & Craddock have received an order from Scotland for radio supplies from John Mackenzie. "Jack" states that he is a good Scotchman, right, all right, but when he needs first-class, up-to-the-minute radio stuff he has to come back to the old reliable "Craddock" firm of Barber & Craddock. "Jack" reports that he is getting settled down, and Frank remarks that it is more than they ever could do with him in Strathmore.

Walter Koeler wasn't speaking to anyone on Tuesday after Dr. Giffen had presented him with a brand new

daughter. Harvest laborers are needed some time, says Walter, but the home is where the real help is required all the time.

The Ladies' Aid of the United Church have made arrangements to hold their annual Christmas Supper on October 25, and their bazaar on Saturday, November 20.

Pearson Bros. appear in Calgary Court

James Pearson, a farmer in the Shepard district, was committed for trial before the first court of competent jurisdiction, at Calgary, by Magistrate W. S. Davidson, on Saturday, September 25, on a charge of stealing the running gear of a farm wagon and a hay rack from his brother Theodore Pearson, also a farmer in the Shepard district. Accused was defended by A. Nelsmith, while John S. Mavor, K.C., acted for the complainant.

It is stated that there has been a dispute between the brothers for some time over the division of the estate of a deceased brother, and it is alleged that the accused came to his brother's farm and took away the articles specified in the complaint, which was laid by Mrs. Pauline Pearson, wife of Theodore Pearson. Bond was accepted in the sum of \$250.

TO OUR READERS
The Standard will be glad to have the names of visitors in town and accounts of various social events for publication. Such communications should be signed and the address of the sender given. Readers in the surrounding districts are especially invited to send us news. We want to cover the whole and Bow Valley. Make the Standard and Your Home Paper.

Chevrolet Smoothness is Built into this Power Plant

It is by strictest attention to quality of material and workmanship—that Chevrolet has achieved, not only the most powerful but also the smoothest, engine in its price class. Notice how the working parts are fully enclosed, protected from dust, dirt, and moisture. The Chevrolet engine is completely enclosed in a rigid metal casing to prevent any harmful foreign matter and to silence the engine. The Chevrolet engine is completely enclosed in a rigid metal casing to prevent any harmful foreign matter and to silence the engine. The Chevrolet engine is completely enclosed in a rigid metal casing to prevent any harmful foreign matter and to silence the engine.

mean hearings insure the smoothness which has won for this Chevrolet such widespread praise. Go to your nearest Chevrolet dealer, have the best of the smooth Chevrolet, and hear on Saturday last as Leonard feels that the labor question is partially settled at last.

ROCKYFORD

The weather has at last cleared up and there is a good prospect of harvesting and threshing being done this week. Already the combines have been busy trying to justify their existence. There is still a certain amount of wheat to cut, and some considerable acreage of oats. The wheat already in stock has undoubtedly lost grade, but at the same time, prices are rising, and farmers may do pretty well yet. Although the two bundles on the north side of the stooks are pretty badly spoiled, and should be thrown aside and threshed separately.

Farmers have had considerable trouble in the care of their stock during the wet weather. As in the ordinary way some flocks would have been thrashed, and so accompanied the stock and the work would have been completed.

On September 28th, the Rockyford Ladies Club held their annual meeting at the home of Mrs. Walrod. The treasurers report showed that the debt on the curtains for the hall had been paid, so that there is only a balance of \$22.23 still owing. The present officers were re-elected for duty for another term. Next meeting will be held at Mrs. Ryan's on October 11th.

As will be seen from our advt. column, Mame, Churpenter will be in Rockyford from September 29 to October 4th, with a display of fingered hats and perfumes, straight from Paris. Ladies should make a point of visiting this display at the Hotel Maurice.

On Monday evening a most enjoyable dance was held in the Town Hall under the auspices of Mr. L. F. Schaker. The music was of a very high standard, and a fine sized crowd attended.

Miss Klump, who has been in Camrose to attend the wedding of her sister, arrived back in Rockyford on Monday night.

Mr. Tommy Towey entertained two friends from Drumheller over the week end.

Mr. A. H. Erwell was a business visitor to Calgary on Tuesday.

Miss De Frain, of Calgary, is visiting Miss Tronnes, of Rockyford.

STANDARD

Mrs. T. R. Turnquist and Miss Lilian Lemmon left on Saturday for Calgary and Edmonton, where they will visit friends and relatives.

Miss Eckstrom, of Hussar, spent the week-end with Miss Peden, at the home of Mr. and Mrs. F. D. Knowlton.

Mr. H. C. Furthing motored to Calgary on Saturday.

Mrs. E. Jones and daughter arrived in Standard last week, and will reside in the Hans Jensen house. Mr. Jones has charge of the International implements here.

NIGHTINGALE

Mr. and Mrs. Don Osmond entertained a number of friends and neighbors on Thursday evening. The chief amusement was listening to a report of the big fight as it came over the radio. The party lasted until the small hours of the morning.

Mrs. H. W. Taylor has been quite ill with the flu. It is hoped she will soon be better.

Mrs. Fraser and Miss Canning were Calgary visitors last Tuesday.

Miss Edie Stankovic left Saturday to take up her studies at the University of Alberta.

We omitted to mention last week that a very pleasant afternoon was spent at the home of Mr. and Mrs. Duggan on Tuesday, September 14. The occasion being a shower for Mrs. Duggan, nee Valentine. Friends and neighbors presented many pretty and useful gifts. Mr. and Mrs. Duggan will reside in Drumheller.

It is hoped that all the threshermen in the district will be able to work in

Slats' Diary

Friday—I guess ma has been playing to much Bridge here of lately and got her mind kind of twisted up out of shape. Today pa came home and he was a looking kinda pall in the face and he said to ma I am afraid they are something wrong with my stunk. She was a reading her Bridge rules and she said to him Well talk yure Voss off and I will see that button on it and then so buddy went-goose it. Pa didden no what to think of it. Neither did Emmy and me. But it woodnt do no good to say Nuthin.

Saturday—I understand Aggie has tuk up the poetry Fad now. I showed her my report card yesterday and she saided at it becuz the average was only sixty 5. Today I got a pone and it looks like she rote it. It sed Of all the kids in this here skool You havent got kwite sense enuff To come inside out of the rain.

Sunday—I set up at the radio till after a clock tonite and didden no nothing more till pa shuk me by the sholder and sed, Cum on Sunny you better let yure socks down the rest of the way and crawl into bed and I did so.

Monday—went to a party tonite and we had a dance and sum ice cream and cake and Ect. I sat a awkward girl to dance becuz Bilaters told me to and after weed danced one she thanked me and sed it was nice in me to ask her to dance. O thers nothing I am one of those Fred Dunns boy skouts and we got to do a good turn every day. And she acted like she was about 15 some about it.

Tuesday—I guess ma wont ast pa to play bridge at ar house anny more. No Recently anny how. This evnins there was a couple a yung lady teachers her and they wanted to play and pa's partner sed after a while, I dont suppose ever seen any body play dummer than me. And pa sed he coudnt remember of none. They went home erly to.

Wednesday—Kep in tonite on acct teacher as if she give Frank 12 coooks and told him to give me 1/2 of them how munny wood I get. I sed I wood get 1. So she kep me in. She may no rhythmetick but she dont so Frank.

Thursday—Staid all nite at Bilaters house. But he is not very mannery. I started to use his tooth brush as fergit mine and he grab it and says he has that for his personal private use. I dont no why anny body shud be so peticular about a toothbrush.

MEIGHEN MAY MOVE TO COAST SAYS DISPATCH

TORONTO, Sept. 29.—A staff special despatch from Ottawa to the Globe says:

Arthur Meighen may become a resident of Vancouver according to reliable information, and resume the Pacific coast city the practice of his profession. He has received important offers to join corporations both in Montreal and Toronto, but it is understood he is more disposed to go to the coast. He has not yet reached a final decision on this matter. "Sir George Perley is now the most likely person for temporary leader of the Conservatives during the coming session of parliament."

SENATE WILL KEEP HANDS OFF PENSION

Senator Michener, formerly leader of the Conservative party in the Calgary legislature, will favor the old age pensions bill if it is again presented to the senate, he told the Calgary Alberta. "What do you think will be the fate of the Old Age Pensions bill if it comes before the senate again?" asked the reporter of the senator. "I think it will pass," replied Senator Michener, and continued, "I favor it, so there is one vote anyway."

Ford Trucks Pay Every Day

Almost every day in the year
there is profitable hauling that
can be done with a Ford Truck
on most farms.

"I feel my Ford truck is just as
necessary as any piece of equip-
ment I have on the farm; has a
much larger earning power than
anything else, and I use it prac-
tically the year around," says
A. R. Murray of Gull Lake, Sask.

We will gladly prove to your satisfaction that the
use of Ford equipment will save you time and money.

PRODUCTS OF TRADITIONAL QUALITY

HEARD ON THE STREET

Fred J. Dunn to prospective in-
surance prospect: "Now that you are mar-
ried, I suppose you will take out an
insurance policy?"
"Oh, no; I don't think she's going
to be dangerous."

"Bill" Wilkinson was on the invalid
list for a few days, which gave him
a good excuse for dodging some work.
He became absorbed in the study of
economics and after giving the mat-
ter due consideration, he arrived at
the conclusion that rags make paper,
paper makes money, money makes
banks, banks make loans, loans make
poverty, poverty makes rags—then ya
start all over again.

"Tony" Grogan, the dignified old
gentleman, who is a regular business
visitor in this district, finds consider-
able spare time while awaiting train
connections, during which he whiles
away many hours with his favorite
study of statistics. His latest pro-
duction is that Canada apparently has
it all over the Old Country when it
comes to opportunities for "spintars."
According to the latest issue of the
Canadian Year Book, there are a
quarter of a million more single men
in Canada than there are single
women. In all Canada there are two
hundred and fifty thousand single men
and two hundred and twenty-five
thousand single women. These 25,000
bachelors would sound good to the
women in the Old Country, where
they outnumber the single men by a
big majority.

There are one and a half million
each of married men and women and
119,000 widowers and 226,000 widows.
There are 117,000 more widows than
there are widowers, so, of course, the
"spintars" will have them to contend
with. But there are also the widows,
so chances are fairly even.
There were also 26,000 divorced men
in Canada in 1925 and 27,000 divorced
women. "Jim" Martin says that if it
wouldn't Grogan more good if he
would get out and rustle a few ducks,
rather than waste his time looking up
opportunities for "Old Country Spin-
tars."

Everyone is looking forward to

Lundie and Fred J. Dunn appearing
in the latest styles of obnoxious pink
golf shirts; the style introduced by
His Royal Highness, the Prince of
Wales.

Customer: "I brought a car off you
several weeks ago, and you said if
anything went wrong you'd supply
the broken parts?"
Nels White: "Yes, sir, we certainly
do that willingly."

Customer: "Well, I'd like to get a
new, a shoulder blade and a big toe."

Doctor Moore: "If anything comes
to worry you, cast it aside—forget it!"
Patient: "Thanks, doctor. I'll re-
member that when your bill comes in."

Pete Teller: "Ah, thought Donal" had
been married a woman w' farming ex-
perience. She wud have been a power
o' help to him."

Joe Taylor: "Dut, mon, he's en-
gaged to a nurse."
Teller: "Ay, but he doesn't expect
he'll fill all his life, does he?"

"How did you catch such an awful
cold?"
"I changed from horn-rimmed
glasses to rimless ones."

A slightly dressed, pompous looking
woman swished into a grocery store
car and soon after settling herself
began her handiwork. Of course, an
unkempt workman, and Irish, must
have taken it, and she so ac-
cused him. A final look located
the missing bag on the floor under her
and she began to apologize.

"Never mind it a bit, man," protest-
ed the accused. "Ye thought I was
a thafe an' I thought yew'd a lidy,
an' both of us was wrong."

Kalan! Kaumehamehakahikihikalan-
nauwahnukuhau, a Hawaiian lady,
lives in Llanelli, Glamorgan, Wales.
Chwyrddrobbwllandys, Llanelli, Wales,
a small town in Wales, and would like
to hear from her old friend "Bill"
Tanner, late of Amprion, Ont.

Teacher: "Georgia, suppose you have
five marbles, and Frank says: 'I will
give you five more. How many will
you have then altogether?'"
Georgia: "Five, miss. He'd only
be kidding. You don't know him as
well as I do."

Clem (to Uncle Rastus): "Am yo'
green dat boy ob yours as education,
Uncle Rastus?"

Uncle Rastus: "Well, I don't see
him ter school yet, but he kin do it
in a quicker nor I kin; dat a practicle
education. Time nuff for him ter get
into the classics."

Wife: "How clever that conjuror is.
Have you seen him change a hat into
silver dollars?"

Husband: "Not so clever as you,
who can change several silver dol-
lars into a hat."

"I met the most adorable man in
the election dance, and he told he had
loved me, though he had only known
me a few hours."

Fred Anderson: "Well, that's pos-
sibly the reason."

Recently a man ordered Rexall
Red's drug store, and hastily selected
a birthday card. He returned the next
day and indignantly demanded of
Wilfred Goodner why he had been sold
a card addressed to "Sweetheart."
Wilfred, surprised, said: "Why that is
what you selected." The customer
replied: "Well, it wasn't do at all. I
want a 'Cure for Mr. Wife's Mother'."

Clarice: "It's quite a secret, but I
was married last week to Theodore
Johnson."

May: "Indeed! I should have
thought you'd be the last person in
the world to marry him."

Clarice: "Well I hope I am."

"John," asked the nagging wife as
the bed-time hour approached, "is
everything shut up for the night?"
"That depends on you," growled
Mr. Henpeck, "everything else is."

A Chicago girl of 17 has three hus-
bands, while many girls twice her
age haven't more than one or two.

Percy Parish thinks one of the joys
a married man has, which is denied to
a bachelor, is sending his wife
very on a holiday.

Observing a young lady standing
alone at the station in Banff, Jim Weir
stepped up to her and said, "Parloun
me. You look like Helen Black."
"Yes," she replied, "I know I do,
but I'd look far worse in white."

Dr. Moore: "But, my dear sir, I
can not prescribe whisky for you unless
I am convinced that you need it.
What are your symptoms?"

Patient: "What symptoms would
you suggest, doctor?"

"THE STORE OF QUALITY AND SERVICE"

M. A. REILINGER, PHONE 54

Lundie insists that a four-legged,
four-winged, double-bodied owl came
out of an egg at the Laconia Experiment
Farm. Spence Hughes sug-
gests that somebody was acting
double.

Billy: "I thing Aggie will make an
ideal wife. Every time I go there I
find her always darning her father's
socks."

Bobby: "That caught me, also—
until I noticed that it was always the
same sock."

A Nightingale farmer was driving
a mare that interfered very badly. A
passing friend, observing the mare's
antics, cried out: "Say, Jean, that
mare of yours interferes pretty bad,
don't she?" Jean paused, and yelled,
"Yes, she interferes, all right; but
she don't interfere with nobody but
herself."

Harnessed Passenger: "Do you think
I shall catch the 3:27 train Mr.
Perry?"

Agent Perry: "You might; it has
only ten minutes' start."

Court Judge (to a very talkative
counsellor witness): "Stop, my good
woman! You are wasting the time of
the Court. More than half of what
you have said is totally irrelevant."

Witness: "Well, I do declare,
That's a nice thing, and here I've been
a regular church-goer for years and
years!"

The following conversation was re-
cently overheard at the hotel.

"I understand your wife thought of
taking up law before she married you,"
a traveller remarked to his friend.

"That's so," answered the other;
"but now she's contented to lay it
down."

Aggie: "I don't know whether to
marry him or merely be a sister to
him. What do you think, dear?"

Allice: "Oh, he's all right for a hus-
band, but I wouldn't want such a
s.p. for a brother."

Jack Taylor: "Pete, Pete, wake up!"
Pete: "I can't."
Jack: "Why can't you?"
Pete: "Cos I ain't asleep."

Bill Wilkinson tells a story about
a soldier in the army in India who
was sentenced to be flogged. During
the flogging he laughed continually.
The harder the lash was laid on, the
harder the blooming soldier laughed.

"What's so funny about being flog-
ged?"
"Why, blame me, the soldier chuck-
led, "I'm the bleedin' wrong man."

"Tony" Grogan, the mature and
sedate old gentleman who represents

the Calgary Brewing Co., says he can-
not understand people who are always
keyed up to a high pitch whenever
Friday happens to occur on the 13th
day of the month. To him the num-
ber 13 is symbolical of everything
that is happy and pleasant.
He always feels absolutely safe if he
can ride in the 13th coach on a
train or occupy room 13 at a hotel,
and in checking up his orders, it is a
peculiar circumstance, but a fact that
his orders on Friday, the 13th, total
25% more than any other given date.
When the next 13th arrives on a
Friday, he is going to prove to one
and all that he will give a real dem-
onstration to his friends of what can
be done on a 13th day. He will un-
derstand to break a looking-glass while
in the act of opening an umbrella,
at the same moment opening a salt
cellar on a black cat, and if nothing
unusual happens, he will be prepared
to sit down to one of "Reckall Red's"
duck dinners together with twelve
other guests, assembled under a can-
opy of ladders.

FIRST STRATHMORE TROOP
BOY SCOUTS

Plans are being made for the cel-
ebration of the first anniversary of
the inception of the Troop. This
event will be held sometime next
week, and a real good time will be
had.

ARE YOU ASSISTING THE SCHOOL TEACHER?

Are you doing your part in assisting the teaching staff of the public school in getting the best results?

Many parents willingly pass to the teachers almost all of the work in the education of their children.

Never by any possible chance do they attempt to assist the children with their school work, and worse still, in some cases actually criticize the teacher in the presence of the pupils, thereby actually decreasing the influence of the teacher.

Often the parent fails to impress upon the children the importance of making the most of every school day, failing to recognize the fact that time wasted in school years, will never return, and that the child will suffer from the handicap to the end of its career.

Assist the Teachers.

FALL AND

WINTER PURCHASES NOW DUE

The merchants are announcing the arrival of Fall and Winter goods.

Special buying opportunities are being presented at a time when buying is a necessity and everyone uses of the articles that every family are forced to acquire at this particular season.

The season has been opened by mercantile offerings that should appeal to all shoppers, giving them an opportunity to choose merchandise from stocks that have been selected from the standpoint of quality and service.

Everyone should endeavor to give the home merchants an opportunity to secure this business. They are the only dealers who help build up the town by paying taxes and contributing to everything that helps make the place attractive to you and a fit and proper place to educate and develop the children.

EVERY TOWN

HAS ITS GROUCH AND KNOCKER

Every town has a few grouches and knockers, and Strathmore is no exception to the rule.

This individual never raises his hand to keep his town or any of its civic pride and personal integrity in the other fellow is an unknown quantity.

He can always interpret the intentions of the other fellow and without fail put upon every act the worst possible motives.

In the development of the town he is as much use as a snowball in hades.

The only time this type of fellow will be handled to the satisfaction and benefit of the community will be when Charlie Chase gets an opportunity to professionally finish the job.

BACON HOG

FAIR AT CARMAN, MANITOBA

In October, the first bacon hog fair to be held in the Prairie Provinces will be held at Carman, Manitoba.

Bacon Hog Fairs have proven very successful in Ontario. It encourages the production of the type known in the market as bacon hogs.

The object is to advance the interests of the commercial hog raiser than the breeding animal, since the regular exhibitions pretty well take care of the latter.

The fair offers special advantages for the exchange of pig-pen appliances, and places a premium upon areas that have produced grade cars.

Young Wife Afraid to Eat Anything

"I was afraid to eat because I always had stomach trouble afterwards. Since taking Adria's I can eat and feel fine." (signed) Mrs. A. Howard. ONE spoonful Adria's removes GAS and often brings surprising relief to the stomach. Stops that full, bloated feeling. Removes old waste matter from intestines which you never thought was in your system. Excellent for obstinate constipation. Strathmore Pharmacy.
